

KDD Student Travel Award Applications

Student Travel Awards will be available for students attending KDD-2009. Awards will provide partial funding for travel and registration expenses. A limited number of additional monetary assistance for registration expenses is available to those awardees willing to help with organizational tasks during the conference.

To be eligible for the award, a student must:

- Be a full-time student at the time of paper acceptance
- Attend KDD-2009 in order to receive the award check
- Be available to help with organizational tasks during the conference

Award selection will consider the authorship of the paper (sole, first, or co-author) and the format for presentation (long, short, poster) and will be limited by available funds.
